UT Austin EDS — Content Authoring Guide

Project: University of Texas at Austin
Platform: AEM Edge Delivery Services (xwalk)
Date: April 2026

Overview

This guide covers how to author and publish content for the UT Austin website using AEM Edge Delivery Services. Content is authored via the Universal Editor and published to the EDS CDN.

Live URLs: - Preview: `https://main--eds-agent-demo--prajwal85.aem.page/` - Live: `https://main--eds-agent-demo--prajwal85.aem.live/` - Author: `https://author-p11300-e47725.adobeaemcloud.com/`

Available Blocks

Hero Video

Purpose: Full-width background video with headline overlay (homepage only)

Field	Type	Description
Poster Image	Reference	Fallback image when video can't play
Alt	Text	Image alt text
Background Video	Reference	MP4 video file (autoplay, muted, loop)
Text	Richtext	Headline text (displays as H1, white, uppercase)

Authoring Notes: - Video autoplays silently in a loop - Poster image shows while video loads or on mobile - Use short, impactful headlines with line breaks

Cards Article

Purpose: News story cards in a grid layout (1 prominent + 2 secondary on desktop)

Field	Type	Description
Image	Reference	Card image
Text	Richtext	Card headline with link

Authoring Notes: - First card appears large on the right (prominent story) - Cards 2 and 3 appear smaller on the left with horizontal layout - Each card should have an image and a linked H3 headline - Background is burnt orange

Columns Promo

Purpose: Two-column promotional section with image and text

Field	Type	Description
Column 1	Image	Promotional image
Column 2	Richtext	Heading + paragraph + CTA link

Authoring Notes: - Used for mid-page callouts on burnt-orange background - Keep text concise (1 heading + 1 paragraph + 1 CTA) - Section-metadata with style "burnt-orange" adds the background

Sticky Panels

Purpose: Impact/differentiator section with sticky image and scrolling content

Field	Type	Description
Image	Reference	Portrait-orientation image (left side)
Alt	Text	Image alt text
Content	Richtext	Heading + paragraph + CTA + stats

Authoring Notes: - On desktop, image sticks on the left while content scrolls on the right - Use 3 consecutive sticky-panels blocks for the full impact section - Stats format: `**#1**` followed by label text (e.g., "Public University in Texas") - Stats animate (fade in) when scrolled into view - Can also be authored as regular "Columns" blocks — auto-detected by pattern

Columns Outro

Purpose: Closing section with text/stats on left and video on right

Field	Type	Description
Column 1	Richtext	Heading + paragraph + CTA + stats
Column 2	Link to MP4	Video file (auto-converts to autoplay video)

Authoring Notes: - Place an MP4 link in column 2 — it auto-converts to a looping video - Stats use bold text: `**18 billion dollars**` followed by label - Used for the "For Texas, For the Future" outro section

Columns Resource

Purpose: Two-column resource link lists

Field	Type	Description
Column 1	Richtext	Heading + link list
Column 2	Richtext	Heading + link list

Authoring Notes: - Used on resource hub pages (Faculty & Staff, Family & Visitors, Alumni) - Each column has a heading and a list of links

Hero Banner

Purpose: Interior page hero with background image and text overlay

Field	Type	Description
Image	Reference	Background image
Alt	Text	Image alt text
Text	Richtext	Heading + optional description

Authoring Notes: - Used on section landing pages (About Texas, Energy, Research, etc.) - Text appears over the image with a dark gradient for readability

Quote

Purpose: Testimonial or highlighted quote with attribution

Authoring Notes: - Created automatically from `<blockquote>` content - First paragraph = quote text - Lines starting with "—" or "-" = attribution - Can include author image

---

Page Templates

Template	Pages	Description
Homepage	1	Hero video, news cards, promo, sticky panels, outro
Resource Hub	3	Quick links grid + two-column resource lists
Section Landing	10	Hero banner + content sections
About Subpage	4	Content with two-column layouts
Academics Subpage	3	Educational content + listings
Campus Life Subpage	10	Topic content + resources
Energy Subpage	5	Program details
Research Subpage	3	Research highlights
Policy Page	8	Text-heavy compliance content
Campus Carry	2	Policy details + FAQ

Publishing Workflow

1. **Edit** content in Universal Editor at the AEM Author instance
2. **Preview** changes at `https://main--eds-agent-demo--prajwal85.aem.page/`
3. **Publish** via AEM Sidekick when ready to go live
4. **Live** site at `https://main--eds-agent-demo--prajwal85.aem.live/`

Brand Guidelines

Element	Value	Usage
Primary Color	`#bf5700` (Burnt Orange)	Links, buttons, CTA borders, stats
Hover Color	`#9d4700`	Button/link hover states
Dark Color	`#333f48` (Charcoal)	Headings, header background
Text Color	`#212529`	Body text
Button Style	4px border-radius, burnt-orange border	All CTA buttons

---

Metadata

Every page should have metadata configured:

Field	Description
Title	Page title (appears in browser tab)
Description	SEO description (appears in search results)

Add metadata via the metadata block at the bottom of each page.

Media Guidelines

- **Images:** Upload to AEM DAM at `/content/dam/eds-agent-demo/`
- **Videos:** MP4 format, upload to DAM. Reference via DAM path in content.
- **Image sizes:** The system optimizes images automatically via `?width=` parameters
- **Alt text:** Always provide descriptive alt text for accessibility
